Steel crochet hook for beautifully even stitches

Steel Crochet Hook with Cushion Grip

Reasons why Tulip's steel crochet hooks are loved by people around the world

\*Tulip's steel crochet hooks are used in more than 50 countries.

③Cushion Grip  
③The cushion grip helps users hold it without undue stress

①Tapered portion allowing users to keep their stitches even without effort  
Sliding on a gentle taper makes all stitches the same size by themselves at the d size position.  
Even beginners can keep all stitches even without effort.

The special grinding applied by using Tulip's original techniques can create a smooth taper. The d size can be reduced to 0.35 mm.

②The ideal length of hook body makes it easy to keep all stitches even

The ideal length, which enables users to crochet beautiful blocks when making filet crochet, has been determined after careful consideration.

Crocheted by using ETIMO Rose No.2(TEL-02e)

Crocheted by using Sucre No.2(TB13-2e)

Using different tools for different purposes makes a difference in terms of the quality of works and the comfortability of crocheting.
